

EQUIPMENT HIRE

We now operate a minimum two day booking for Party tents, Patrol tents and Small Sleeping tents. This means that even you only require equipment for one day, you will be charged for two days.

Please ensure that you have informed us about any equipment you wish to hire before arrival. All equipment will be left on or near your site, and tents will be erected.

Please note that the marquee and mess tent are erected on the Bottom Field permanently between Easter and the October half-term holiday.

Equipment is available to hire once you have arrived, subject to availability.

Altar fires are also available, but there is no charge for these and they are provided on a 'first come, first served' basis on arrival.

The prices below also apply to offsite hire of equipment.

	Per Day	Quantity available
